Business Profile

ABOUT US

Our Mission

Our mission at Grid Protection SA is to make a significant contribution to the Improvement of the QUALITY, STANDARD and RELIABILITY of Security Services and Consulting in the Security Industry of South Africa.

Our Vision

Our vision at Grid Protection, is to deliver a prime service to our clients, as required. With the Highest Standard of Services at the best competitive market related pricing.

Our History

Founded in 2012, Grid Protection SA is the first South African Security Company to go Internationally

We are uniquely positioned in the market as a result of having the experience, local resources, and capabilities of the larger international providers, while upholding the same core values which Grid Protection was founded on.

Our mission is to protect life, along with our client's properties and assets.

Our reputation for service excellence is built on more than four decades of experience, as well as leveraging proven technologies and innovative solutions.

Our investment in our team ensures continuous development for employees at every level of the business.

We are committed to rewarding our employees for their professionalism and dedication to our clients. After all, their success is Grid's success.

OUR QUALITY & PHILOSOPHY

Quality Policy

The established policy of our Company is to provide customers with Services and Procedures, at an exceptional rate, whereby needs and requirements are individually matched and within conformance with our quality specifications and in compliance with the Security Officer's Act 92/2011.

This means that we must do everything right the first time, knowing that this will maximize our growth, profitability and service.

Quality is a major key in achieving this.

We recognize the vital importance of our valued Customers.

The goal of Customer Satisfaction necessitates us to be flexible in the accommodation of client's needs and requirements, and to respond in a manner which is prompt and consistent.

We as a company give our pledge that we are fully compliant with the Private Sectorial Regulatory Authority (**PSIRA**), Act 56 of 2011, Sectorial Determination 6, as well as the Firearms Act.

Business Philosophy

At Grid Protection, we aspire to deliver a prime service to our clients, as required, at a competitive market related price.

Whilst there are many security service providers available for customers to choose from, we feel that the market has left a gap for **“safe security”**.

Grid Protection will fill this space by providing a total security solution which can be relied upon at any time.

Our dependable services are managed by ex-police and military staff who have been highly trained in fields which are essential in the security industry.

As crime becomes a greater concern to all, Grid Protection is seeking new and innovative ways to protect our clients, their loved ones; and possessions, at prices which are competitive, without sacrificing on quality of their service.

Community / Neighbourhood security solutions are one of the many innovations created to assist reducing costs of security without compromising on safety.
